## **Peter Mac – “Submarine”**

Greendale, WI USA – October 12, 2004 –**RockIt Records and Recording™**, A Division of Heavygunz Enterprises Inc; is pleased to announce release of the new CD, “**Submarine**,” the fifth solo release from guitar player extraordinaire, **Peter Mac**.

Peter is a performing and recording artist hailing from Wisconsin. He has earned a stellar reputation stemming from work with his own band and his long-standing affiliation with the band **Streetlife**, the jazzy house band for the NBA’s Milwaukee Bucks. Peter is also a highly sought after guitar teacher, musical educator, and professional studio musician. His first love is the guitar and it’s sonic possibilities.

Beginning his musical education at age three, the breadth of Peter’s styling comes from years of formal training and a long list of great yet diverse influences; artists ranging from The Beatles, Sting, Pat Metheny, and George Benson. It was Jimi Hendrix, however, who provided the initial inspiration that shifted Peter’s dedication from his studies in classical and jazz piano to the guitar at the age of fourteen.

In addition to performing over 200 gigs a year and teaching over 60 students per week, Peter has self produced several albums, each demonstrating outstanding compositional skills with a knack for strong melody. He is known for his stylistic flair and technical mastery of the guitar as a creative musical instrument. "Submarine" deftly captures this mastery as Peter executes the intricate and intense guitar work he is known for, in his favorite styles of progressive rock and jazz. The keyboard proficiency developed in his youth remains evident in his recordings also.
